Soffit Boards	21

Choosing a Fascia Board

The fascia sits where the roof meets the wall. It carries the bottom row of tiles and the guttering, so it needs to be strong, weatherproof and low maintenance.

1 Replace or Cap?

16 or 18mm full replacement boards fix straight to the rafter feet. **9mm capping** boards cover sound timber fascia for a quick, low-cost finish.

2 Pick a Colour

White, woodgrain foils or smooth solid colours. Any board can be colour matched to a RAL number with our colour bonding service.

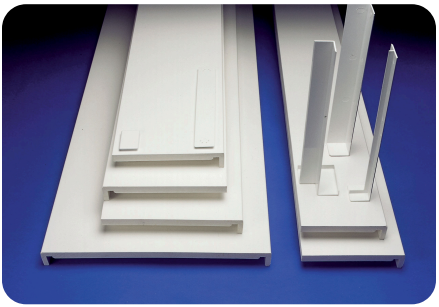

3 Choose a Style

Square edge, ogee, flush or bullnose, in widths to suit the rafter depth.

Ventilation and Protection

Keep the roof space ventilated and the eaves protected from birds and debris.

Over fascia vent 1.0m

Eaves protector 1.5m

3-in-1 vent, protector and birdcomb 1.5m

Birdcomb 1.0m

Why Ventilate?

Without airflow, moisture builds up in the roof space and damages timbers. Ventilate through the soffit with pre-vented boards or soffit vents, or over the fascia with an over fascia vent.

Bargeboards, Finials and Box Ends

Finish gables and verges with matching bargeboards, decorative finials and box ends.

Gallows Brackets

Soffit Boards

Soffits close the gap between the wall and the fascia for a weatherproof finish. All boards are 5m long and colour matched to our fascia ranges.

Standard Flat

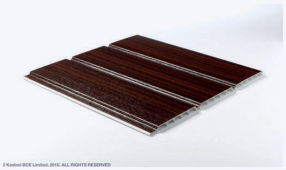

9mm general purpose board for soffits, boxing in and window reveals.

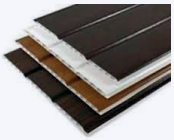

Pre-vented

Built-in 10 or 25mm² airflow to ventilate the roof space.

Hollow

Lightweight tongue-and-groove effect board, joined with soffit trims.

9 and 10mm Soffit and General Purpose Board

Flat board for soffits, boxing in and window reveals. Swish and Kestrel 9mm, Freefoam 10mm.

Cladding

Low-maintenance PVCu, textured and wood-effect cladding with matching trims, from Swish, Kestrel and Freefoam.

Choosing Cladding	47
Shiplap, Open V and Tee Gee	48
Cladding Trims	49
Kavex Textured	50
Fortex	51
NatureClad	53

Choosing Cladding

PVCu cladding replaces rotten timber and refreshes walls, dormers and gables. It never needs painting and fits horizontally or vertically.

Smooth Cladding

Shiplap, open V, Tee Gee and feather edge profiles in white, woodgrain and solid colours. Easy to match to fascia, windows and doors.

Textured Cladding

Kavex and Fortex boards have an embossed wood finish in heritage colours, with two-part trims for easy fitting.

Wood Effect

NatureClad has a high-definition, super-matt wood finish that looks like real timber.

How Much Do I Need?

Each 5m length of 100mm cladding covers 0.5m², and 150mm covers 0.75m². Add 10% for cutting.

Guttering

Kayflow and Freefoam rainwater systems, cast iron style, SuperDeep 170, soil and underground.

Choosing Guttering	55
Colours	56
Half Round and Square	57
Ogee and Deepflow	58
Cast Iron Style	59
SuperDeep 170, Soil and Underground	60

Choosing Guttering

We stock Kayflow (supplied by Swish and Kestrel) and Freefoam Freeflow rainwater systems. Pick a profile to suit the roof area and the look of the building.

Half round

Square

Ogee

Deepflow

Kayflow Flow Rates

System	Size	Flow rate	Roof area	Downpipe
Half round	112 × 50mm	0.9 l/s	43m²	Round
Square	117 × 57mm	1.6 l/s	76m²	Round or square
Ogee	120 × 70mm	2.2 l/s	105m²	Round or square
Deepflow	114 × 71mm	1.8 l/s	86m²	Round
SuperDeep 170	170 × 108mm	4.3 l/s	205m²	110mm soil pipe

Flow rates for a level gutter. Reduce by 15% where the run has angles.

Kayflow and Freefoam

Both are complete systems, so use one brand per run. Adaptors connect between profiles and to existing cast iron.

Fixing

Fix brackets at a maximum of 1m centres for half round and square, 800mm for ogee and deepflow, closer in exposed or snowy areas.

Windows & Doors

Liniar PVCu windows and doors, composite and bi-fold doors and replacement door panels, made to measure.

PVCu Windows 62

PVCu and Composite Doors 63

Bi-fold Doors 64

Replacement Door Panels 65

PVCu Windows

Made-to-measure windows in Liniar PVCu profile, in white, woodgrain foils and colours to match our trims and roofline.

Casement Windows

Sculptured or chamfered profiles with slim sightlines, multi-chambered for thermal efficiency, and secure integrated hardware.

Tilt and Turn

Tilts in for secure ventilation and opens fully inwards for cleaning and fire escape.

French Casements

Twin opening sashes with no central mullion for an uninterrupted view.

Vertical Sliders

Sash-style windows for period homes, with tilt-in sashes for easy cleaning from inside.

Hinge Options

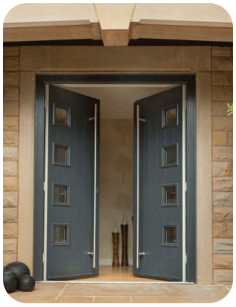

Standard, egress (fire escape), easy-clean and heavy-duty egress hinges, the last required with triple glazing. Ask the team which suits each opening.

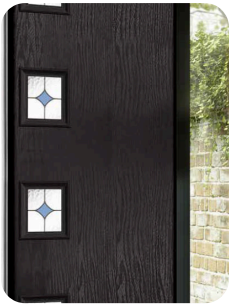

Made to measure | Choice of glass, handles and hinges | Trickle vents to order

Need help choosing? Call 020 8665 1221 or email sales@carltonplastics.co.uk

PVCu and Composite Doors

Residential, French and patio doors in Liniar PVCu, and composite doors in traditional and contemporary styles.

PVCu Doors

Residential, French and patio doors in the same foils as our windows, with multipoint locking as standard.

Composite Doors

Choose a style, colour, side panels, glass design and hardware. Glass can be personalised with a house name or number.

Made to measure | Wide colour choice | Side panels and toplights

Need help choosing? Call 020 8665 1221 or email sales@carltonplastics.co.uk

Bi-fold Doors

Doors that fold flat to open a room onto the garden, in PVCu or aluminium, made to your sizes and colours.

Where Are the Doors?

Exposed sites suit a lower U-value, triple glazing or a weather threshold.

Open in or Out?

Outward folding saves room inside. Inward folding keeps the patio clear.

Threshold

Choose a standard or low threshold. Low thresholds can be Part M compliant for wheelchair access.

Colour

White, black, grey 7016, woodgrain and dual colour options, or powder coated to any RAL.

Made to measure | PVCu and aluminium | Ask for a quote

Services

More than a stockist: ordering, WhatsApp, delivery, colour bonding, kit roofs, cutting and special orders.

Colour Bonding to Any RAL	91
Ordering, WhatsApp and Delivery	92
Kit Roofs, Roof Packs and Cutting	93
Special Orders	94

Colour Bonding to Any RAL

Any white fascia, soffit, trim, window or door we supply can be colour bonded to match any RAL colour. It is how we offer colours the manufacturers do not make.

How It Works

A specially formulated paint chemically bonds with the PVCu. The finish is durable, flexible and UV stable, and will not crack, peel or fade.

Guaranteed

Every colour bonded product carries a 10 year manufacturer's guarantee.

Ordering

Give us the product, quantities and RAL number. Bonded items are made to order, so ask our team for lead times.

Any RAL colour | 10 year guarantee | Fascia, soffit, trims, windows and doors

Delivery

Our own vehicles deliver to site or yard. Ask the team for delivery days to your area when you order.

Kit Roofs, Roof Packs and Cutting

We prepare materials in our workshop so they arrive ready to fit.

Kit Roof Service

A complete conservatory roof made to your sizes: pre-cut, pre-drilled and delivered to site, supplied with guttering. Includes 25 or 35mm polycarbonate or 24mm sealed units, anti-dust tape, sheet closures, centre and edge bars, wallplate, eaves beam and end caps. No site drilling means no leak points.

Polycarbonate Roof Packs

Multiwall sheet cut to your sizes and shapes, blown out and taped top and bottom, ready to fit. Often better value than full sheets for unusual sizes.

Cutting Service

Boards, sheet and lengths cut to size on request, charged per cut. Door panels cut to exact size.
